

Freedom of Information Request	FOI 23-183	4 <sup>th</sup> May 2023
--------------------------------	------------	--------------------------

**We kindly request your participation.**

**The questions below may require input from a few individuals within your T&O department including managers and rota co-ordinators. We have found the quality of the data responses more valid when the departments collate the response rather than via an informatics search.**

**Please note, all questions are applicable to Trauma & Orthopaedics only. Where staff numbers are requested, answers should represent the number of full-time equivalent staff.**

Please find attached the questionnaire completed as requested.
