**1c) total monetary value of each contract**

The information requested is exempt from disclosure under section 43(2) of the Freedom of Information Act 2000 (FOIA). It is considered that the information requested is commercially sensitive and, if released, is likely to prejudice the commercial interests of the contractors and the Health Board.

Dental practices are independent contractors and information relating to their contract values is commercially sensitive. This request relates to commercial activity in the current financial year which is being conducted in a competitive environment. The data could damage the confidence or reputation of a dental practice.

- Without naming the specific contract (i.e. by ensuring it is anonymous), please provide the targeted UDAs and specific Key Performance Indicators (KPI) necessary for 100% of all contracts in your area to be paid and not clawed back (i.e. number of new patients seen, number of fluoride varnishes, number of historic patients etc) – as an example, you could write “Contract 1” and then provide the information, without naming the specific provider.**

For the purpose of answering this question the Contract Reform targets and indicative position reported has been confirmed below for 2022/23.

The Health Board is unable to provide the level of detail requested by contract due to confidentiality but has provided the information by borough. The 2022/23 table shows the UDA/HP/NP target for each borough along with the indicative reported position, excluding Welsh Government (WG) and Health Board mitigation. Please note this figure is subject to final end of year confirmation which will be reported at the end of June 2023. At this point the Health Board will apply WG and Health Board mitigation.

The Health Board is unable to confirm the achievement position for FV at this stage and has therefore detailed that 75% is the KPI measure where no clawback would apply.

- 3. For each month (or if you do not have this, either each quarter or for FY23 and FY24 year to date):**
  - a. The number of UDAs delivered by each contract (again, keeping this anonymous)**  
Please refer to Q2.
  - b. The performance of each contract against each KPI (again, keeping this anonymous).**  
Please refer to Q2.
