

Potential case of **Covid-19 (Coronavirus)**. Patient presenting to **YSBYTY ANEURIN BEVAN** with ACUTE respiratory symptoms OR fever with no other symptoms within 14 days after travel from **China, Hong Kong, Japan, Macau, Malaysia, Republic of Korea, Singapore, Taiwan, Thailand, Iran, South Korea, Vietnam, Cambodia, Laos, Myanmar, Italy**

Contact Public Health Wales – 0300 003 0032

Inform Microbiologist 01633 234463 or out of hours via hospital switchboard 01873 732732

Inform Infection Prevention Team 01873 732048/07903 324603 (leave a message if out of hours)

Patients should be asked to wear a fluid-repellent surgical mask, transferred to a single occupancy room and the door closed.

Patient contact should be avoided.

If consultation/examination had already started, leave the room and wash your hands
If a clinical history still needs to be obtained, do this by telephone.

Seek specialist advice from the Health Protection Team

Tel. 0300 003 0032

If entry to the room is unavoidable in an emergency then wear PPE and keep exposure to a minimum. All PPE should be disposed of as clinical waste.

- **Fluid resistant surgical mask**
- **Thumb loop gown**
- **Tight fitting gloves**
- **Eye protection**
- **Disposable surgical cap**

If admission required, patient must be referred to the **Royal Gwent Hospital (RGH)**

Inform WAST & Bed Management of potential case & arrange transport to **level 0** at **RGH**.
