

Freedom of Information Request	FOI 21-467	5 th Novemeber 2021
--------------------------------	------------	--------------------------------

Would I be able to request information on how many miscarriages in all hospitals have been attributed to unvaccinated pregnancies since the roll out please?

They would be women that have gone into hospital "with covid" and as a result the miscarriage has directly been linked to Covid.

The Health Board does not hold this information.
