

Freedom of Information Request	FOI 22-549	24 th November 2022
--------------------------------	------------	--------------------------------

1. How many under 18-year-olds are currently on a waiting list for an NHS dentist in your health board?

The Health Board does not hold this information centrally. Dental Practices are independent contractors and waiting lists are managed at practice level.

2. By how much has the waiting list to see an NHS dentist grown or decreased in your health board between the financial year 2019/20 and 2021/22?

Please refer to Q1.
