

Freedom of Information Request	FOI 21-415	14 th October 2021
--------------------------------	------------	-------------------------------

Have Caerphilly Borough Council (or its Consultants/Agents) sought information from Aneurin Bevan Health Board (or its associate consultants/Agents) on the possible harmful effects of the compounds stored in the Ty Llwyd quarry, on the local population?

If the above is correct:

a) What advice did you offer and

b) Can i have a copy of this advice?

I can confirm that Caerphilly Borough Council (or it's Consultants/Agents) has not sought information from Aneurin Bevan University Health Board (ABUHB) (or it's associate Consultants/Agents) and therefore ABUHB has not provided any advice relating to the possible harmful effect of compounds stored in the Ty Llwyd Quarry, on the local population.
