

Freedom of Information Request	FOI 23-471	11 October 2023
--------------------------------	------------	-----------------

Your request

You requested the following:

For the financial year 2022/2023 for ABUHB:

1. How many practices in ABUHB held a GDS contract for provision of NHS dental treatment? (For clarity - Not specialist, EDS etc)
2. How many of these practices were working under contract variation?
3. How many of these were working under UDA contract?
4. How many practices working under a UDA contract completed 100%-105% of the target set for the financial year? (EOY information sent out to individual practices July 23)
5. How many practices achieved over 105% of target?
6. What was the total number of UDA's over delivered against all the contracts identified as having 100%-105% over delivery?
7. What was the total monetary value of this over delivery identified in the question immediately above?

Our response

1. 81 practices held a GDS contract for the provision of NHS dental treatment in 2022/23 in ABUHB.
2. 56 practices were working under a contract variation ^[1]
3. 26 practices were working under a UDA contract ^[1]
4. 10 practices were working under a UDA contract which completed 100%-105% of the target set for the financial year
5. 1 practice achieved over 105% of the target
6. 1,986.80 UDA's over delivered against all the contracts identified as having 100%-105% over delivery ^[2] ^[3]
7. £65,901.93^[3]

Caveats

- ^[1] 1 contract has been counted twice due to a request for a contractual change within the year.
- ^[2] The UDA's have not been included for practices that exceeded the 105% level.
- ^[3] The figure does not include practices who were working under Contract Reform that over delivered against their UDAs.
