--------------------------------	------------	-----------------

## Your request

You requested the following:

1. Could you please tell me how many patients were treated in the last 3 months for Hidradenitis Suppurativa (HS) with the following biologic drugs:
  - Adalimumab - Humira
  - Adalimumab Biosimilar
  - Bimekizumab
  - Certolizumab
  - Infliximab - Remicade
  - Infliximab Biosimilar
  - Secukinumab
  - Ustekinumab

## Our response

We are not able to provide information on the treatment drugs prescribed to individual patients as it is not recorded centrally. To comply with your request, we would need to review every patient record which we have established would take in excess of 18 hours to undertake and therefore exceeds the appropriate costs limit under Section 12 of the Freedom of Information Act 2000, which is currently £450. This is not an exemption which requires us to consider the application of the public interest test.
