

Freedom of Information Request	FOI 21-337	2 nd September 2021
--------------------------------	------------	--------------------------------

I wish to request information known on these things, are you informed about military exercises in advance? Is it normal procedure to be told about military exercises? If you are informed in advance, who informs you? And by what method are you informed?

As a multiagency partner, the Health Board may be informed out of courtesy if an exercise is within the Health Board boundary, but there is no formal requirement for the Military to inform the Health Board of exercises. If the Health Board is informed of an exercise it would be via the Joint Regional Liaison Officer (JRLO), Headquarters, 160th (Welsh) Brigade by email to the Head of Civil Contingencies or Emergency Planning Manager.
