

## Your request

You requested the following:

1. Copy of any policy regarding your position on single-sex ward provision.
2. Confirmation of the meaning of 'single-sex' as applied to your wards.
3. Clarify your position with regard to biological males who 'identify' as women and what your approach is to these being permitted or otherwise, on female single-sex wards.
4. Clarify your position with vice versa to 3.
5. Provide a copy of any transgender staff policy.

## Our response

1. We do not have a policy on the management of single-sex ward provision.
2. We regard single-sex wards to be a whole ward which is occupied by men or women, but not both.
3. We do not have a policy that explicitly outlines our approach. We treat each individual on a case-by-case basis and would make best interest decisions on placement within our hospital.
