Information for Patients, Relatives and Carers

Lung Cancer Nursing Team

Nevill Hall Hospital

How we can help:

- ❖ We act as your key worker when newly diagnosed with lung cancer or mesothelioma and offer specialist help and advice. We provide emotional/psychological support and information to you and also to your relatives and carers.
- ❖ We give information about the tests you may need and discuss what they involve.
- ❖ We discuss your diagnosis and results, providing written information to support what you have been told.
- ❖ We give information and advice about your treatment options.
- ❖ We listen to any concerns you may have and try to advise you on how they can be addressed.
- ❖ We provide ongoing follow-up support.
- ❖ We strive to ensure a high standard of care is provided and maintained for all patients. We co-ordinate individualised care, arrange appointments and treatment for patients – linking between clinicians and different specialities both in hospital and in the community including your GP and Hospice.
- ❖ We provide a link for financial support and have access to Benefits Advisors who may be able to help you.

Team Members

Lung Cancer Nurse/Key Workers

Carol Davies
Macmillan Lung Cancer Nurse Specialist

Emma Williams
Lung Cancer Nurse Specialist

Helen Amos
Administrator

Contact Number: 01873 – 732860
