

## Information about the Tier 3 Specialist Eating Disorders Service

In 2010 The Welsh Assembly Government committed to funding the development of specialist eating disorder teams in different areas of Wales. These Tier 3 teams sit between Tier 2 Community Mental Health Teams (CMHT's) and Tier 4 Specialist Inpatient Services.

The Tier 3 Specialist Eating Disorder Service for Gwent and South Powys is a small team of specialist clinicians based in Maindiff Court Hospital, Abergavenny, allowing an accessible proximity to all 5 boroughs in Gwent and across South Powys.

The team offers consultation, support and direct joint working to Tier 2 and allied clinicians. It provides individual, group and family interventions and has an explicit 'Gate Keeping' role for any patients requiring Tier 4 (Specialist Inpatient Service) and non-emergency access to the acute medical bed in Nevill Hall Hospital, Abergavenny.

The aim of the Tier 3 Specialist Eating Disorder Team is to ensure that service provision for eating disorders is high quality, innovative and equitable across Gwent and South Powys. This will be achieved by working in partnership with Tier 1, Tier 2, Child and Adolescent Mental Health services as well as adult mental health and acute medical colleagues, service users and carers and third sector services.
